

TINLINE PARK TRAINER

10TH/11TH MARCH 2018

Proudly sponsored by Almazaan Stud

Please join us for a weekend of endurance training and the opportunity to explore and experience the beautiful scenery of Tungkillo, the Murray Plains and surrounds. Tinline Park has been a sheep production property since the 1850s and from the early 1960s until now it has been owned and run by the Cameron family, your hosts for the weekend. These days Tinline Park has diversified its farming practices to include Angus Beef and prime lambs but still prides itself on the quality wool production. Our ride base will be at Rabbiter's Hut, once an old cottage that housed the rabbit man, employed to reduce the vermin on the property. Carefully restored, it is now a successful BnB and Annette and Bill regularly welcome visitors from both interstate and overseas. This is the first time an Endurance ride has been based at the property so please introduce yourself to the Camerons at tea time as they are also providing our catering with homegrown beef and lamb!

Please phone Jodie Luck for all enquiries: 0409637131
